Learn from inspirational garment workers who are fighting for a dignified garment industry, including the leaders of Alta Gracia, the world's first-ever living-wage union-made garment factory producing college logo apparel!

Meet students from all over, feed your creativity, fine-tune your social justice leadership skills, and plug into a network of support for students working towards social change, just like you!

Immerse yourself in the local culture with homestays in Villa Altagracia. Hikes! Rainforests! Hills! Beautiful beaches and rivers! Cook and enjoy delicious local food! Learn to dance *salsa* and *bachata*- with inspiring social justice leaders!

Cost: \$1,225 for all on-island expenses. Free fundraising workshops available! We'll help you get there!
